Important Information about our Hatching eggs

Prices are per dozen. The buyer assumes all risks associated with shipped or picked up eggs, once they leave our hands. Therefore, we do not refund, replace nor credit hatching eggs and we do not refund deposits unless we can't supply the order. Shipping is to be paid up front from the buyer before the eggs are shipped. A \$20 deposit is to be sent via etransfer to confirm your order.

We will keep in touch with you by email regarding your order status.

*****Please keep in mind that shipped eggs have an average of 50% hatch rate. Some can be better, some are worse. We do our best to ensure optimal quality of our birds and eggs to better your chances of hatching success.**
